Extra Info

ITA:

Un proiettore ed un telo (ingresso HDMI) sono gentilmente richiesti in loco per i video in sincrono.

Se possibile è richiesta una cassa da batteria in più (18/20 o 22) poichè il trasporto di due casse obbligherebbe l'uso di più mezzi, grazie mille.

Il click può essere gestito sia autonomamente dalla band che dal fonico di sala/palco.

La band dispone di effetti speciali comandati automaticamente con sistema DMX:

2 spara fiamme - 2 Cannoni Co2 - 2 Sparacoriandoli - Palloni Giganti (90cm)

E' richiesto impianto audio/luci compreso di spie, mixer, fonico, microfoni da batteria, aste, cavetteria etc.

La band dispone della propria backline, tutta l'attrezzatura extra dovrà essere esplicitamente richiesta in caso non fosse fornita dal service.

Grazie per l'attenzione.

ENG:

A projector and a canva (HDMI Input) are kindly requested for synchronized videos.

An additional kickdrum is kindly requested if possible (18/29 or 22) 'cause bringin' 2 of them would imply another car.

Click track can be handled both by the band and the sound engineer.

Band has automatic special fx handled with a DMX system:

2 flame machine - 2 Co2 cannons - 2 Confetti cannon - Giant Balloons (90cm)

P.A. , light system, wedges, mixer, sound engineer, drum mics, cables, stands etc are required.

Band has their backline, any extra has to be asked.
